League
of St. George

Firstly, please let me apologise for the late appearance of this issue. All work on "Sentinel" was suspended during the General Election to allow all members of the "Sentinel" team, time to assist the Nationalist parties in their Election campaigns. Also we have made visits to Flanders to meet Euro-Comrades, and have received important visitors from South Africa, (see page three). An "information gathering" exercise has also been taking place, the results of which should be revealed in the next issue. Unfortunately all of these activities have encroached into the time that we would normally be spent on preparing "Sentinel". Subscribers are reminded that their subscriptions do not run yearly, but per six or eight issues, so you won't lose out.

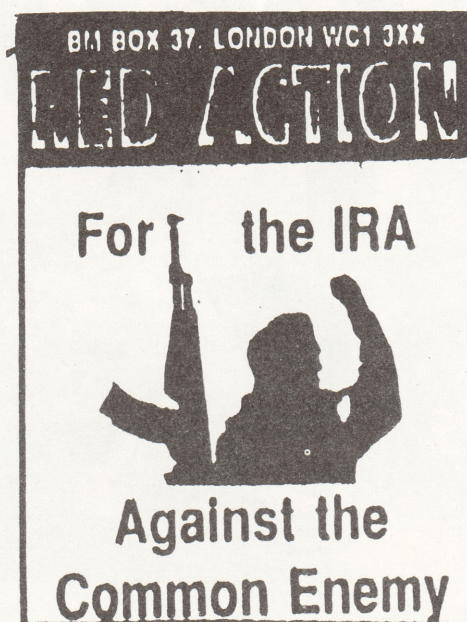

It's been a sad start to the year, with the loss to the Nationalist cause, of both Ken McKilliam and Jeffrey Hamm. Both men fought hard and long for our cause without seeing the final victory. It is now up to us to achieve that victory, so as to ensure that Ken and Jeff's struggles were not in vain

When the Tory Central Office decided to foist a Black candidate onto the people in Cheltenham, several brave local Conservatives protested, one was even expelled from the Party because of his protests, and then hounded to an early grave. Therefore I was not sorry to see that the candidate, John Taylor, not only lost the seat, but has now decided to take up a job with a T.V. company.Perhaps there is a God in Heaven after all...

It was with a great deal of pleasure, that we learnt of the recent death of the Zionist terrorist, Menachem Begin. Begin, one time head of the Zionist terror gang "Irgun", was personally responsible for the murders in 1947 of two British Army sergeants, who were hanged by the neck from olive trees, and their bodies booby-trapped with explosives. We sincerely hope that Begin rots in everlasting Hell..

July 20th is now the date set for the trial of "Searchliar" editor Gerry Gable, and leading AFA activist "Paddy" O'Shea. Both are facing serious charges arising from attacks on members of the public attending a book club presentation at Kensington Library last year. The case will be heard at Southwark Crown Court.

An "informed source" has told us that several supporters of the pro-Republican, "Anti-Fascist Action" gang, have been questioned by Police, making enquiries following the IRA attack on the Baltic Exchange building in London. We have of course, passed onto the Police our information about the AFA and their Anarchist friends setting up "squats" in several derelict pubs in East London. An ideal place for "safe-housing" wanted terrorists...

This "Red Action" sticker clearly shows their support for the I.R.A.

"Red Action" are the "activists" within the "Anti-Fascist Action" gang.

AFRIKAANER NATIONALISTS

VISIT BRITAIN

Several prominent Afrikaaner Nationalists, and Representatives of the Boer Nation, made a brief, private visit to Britain recently, to meet with British Nationalists, and to invite them to a Nationalist Congress to be held in South Africa. Amongst the visitors was Eugene Terreblanche, the leader of the most militant group, the AFRIKAANER WEERSTANDBEWEGING (AWB).

Whilst Mr Terreblanche, and two of his officials flew direct to London, six others, including the AWB's Deputy Leader, their Chief of Security, and Representatives of the Boer Nation, arrived by ferry from the Continent, where they had been meeting with other Nationalist Comrades.

Officials from the League of St George met them at the port, and arranged travel and accommodation. Over the next two days, a series of meetings were held, and firm new links established.

The Representatives of the Boer Nation left Britain after two days, but before returning to South Africa they issued the following press statement..

"With this, our first visit to England, we the representatives of the Boer Nation made contact with our Comrades of the League of St George. We are grateful for the support and friendship given to us, and the fact that ties were made even stronger.

Our very existence in South Africa faces extinction if we do not get the help of our Aryan Comrades in Britain and in Europe. Our European ancestors left these shores to bring civilisation to the Dark Continent. They built roads, hospitals and schools, and turned this heathen jungle into a prosperous and god fearing country. All this will be destroyed by the communist dominated ANC, if they are not stopped. Our government is full of traitors, and so it is left to us, the native white South African to defend our Volk. We are fighting a war of survival, the outcome of which, will decide the fate of the White Race in Africa. We need your help!

Finally we would wish to remind you, our Comrades in England, that we fight a common struggle against a common enemy, and we must fight it together, until Victory!"

The AWB contingent, later left to re-join their Leader in London where more meetings had been arranged. They too left Britain the following day after issuing a similar press statement.

It was interesting, although not surprising to note that all of the National press decided to impose a complete news blackout on this visit. We wonder on whose orders ???

aanvoerder Suidelike Rasse
15th April 1992.

More than 200 years ago Europe became too small for our ancestors of the White Race, who turned themselves to the savage uncivilized continent of Africa.

With the centuries-old culture, expert skills, hereditary creativeness, spirit of enterprise and superior intellect of the White Race they were able to establish a branch of European civilisation in darkest Africa.

Barbaric and merciless wars in which thousands upon thousands of our women and children were cruelly murdered - and starved to death in concentration camps - turned and saved our people into men of fortitude and action, who created a microcosm of Europe in the southern tip of Africa.

In a few short years, South Africa became a model state: highly industrialised, with first world economic, cultural and technological standards, and a purely European way of life.

However, today we are threatened with extinction by the International Money power and their New World Order, who plan to subject the White Race to black, communist rule. Unless the healthy core of the White Race throughout the world rushes to our aid and defence, the soul of the Burgenot, of the Galvanist Protestant of the Low Countries, and of the adventurous entrepreneurs from Germany and England will pass into oblivion.

We therefore extend a friendly, though urgent, invitation to you and your organisation to attend our Rightwing Congress, to be held by the A.W.B. in our Fatherland, South Africa.

The answer to the communists' GORBACH, is this Rightwing Congress, which will demonstrate to our government, the world and the White Race in our country but also worldwide, that we will not perish in isolation; that we are prepared to fight for what belongs to us and that we shall be the inspiration for millions of Rightwingers throughout the world to join us in a coordinated and vigorous struggle for the new world of our own ideals, which the New World Order is trying to destroy.

The preliminary dates for this Congress are between 15th May and 1st June 1992. Further details will be forwarded shortly. If you should require a visa, please attend to the matter at once. Private accommodation can be provided.

Thank you for your cooperation in the interest of a Rightwing cause.

RACE HATE U.S.A.

The recent upsurge of RACIAL VIOLENCE in the United States, that was cloaked in the description of "Justified Black protest against the Rodney King case" was only unique in the fact that much of the violence was captured live on television.

For anyone who witnessed the awful spectre of a young WHITE truck driver being dragged from his vehicle, systematically beaten by a BLACK mob, shot at, and finally, his unconscious body being robbed, could not surely have fallen for the explanation that this incident was EVEN REMOTELY RELATED to the Rodney King trial decision. NO ! it was a RACE RIOT.

For a start, the King case was held in Los Angeles, where a MULTI-RACIAL jury acquitted the police officers accused, after due process of law, but this was used merely as an excuse to instigate an orgy of looting and RACIAL VIOLENCE !

From Los Angeles the RACIAL VIOLENCE spread to other cities in the U.S. where the name "Rodney King" had not even been heard of. The only consistent factor being that the attackers were BLACK, and their carefully selected victims were WHITE.

The photograph on the front page of this issue was taken, not in Los Angeles, but over 2000 miles away, in Atlanta, Georgia, where BLACK rioters attacked and kicked WHITE victims even as they waited for treatment at the City Hospital. In the Northern city of

Madison, Wisconsin, BLACK rioters used the "Rodney King" case as an excuse for looting WHITE owned shops, beating any shopowner who dared to try and stop them. In the Florida sun-belt city of Miami, BLACK gangs overturned cars with their WHITE drivers and passengers still inside them, and in nearby TAMPA, a 20 strong BLACK mob gang-raped two teenage WHITE girls and a WHITE married woman, saying "this is for Rodney King". The U.S. government deliberately held back the introduction of armed troops for a considerable time, fearing that they might "HARM RACE RELATIONS". Now in the aftermath, out of the 15,000 people arrested, during the riots, the U.S. Justice department has admitted that less than ten percent will ever face trial. Yet another sop to "RACE

RELATIONS". But the question that we must ask ourselves is "COULD IT HAPPEN IN BRITAIN ???".

Certainly all the ingredients are there. An ever increasing number of Racial Attacks on Whites, Soft Policing, Racial "no-go areas", all these factors lead inevitably to the conclusion that BRITAIN COULD BE NEXT !

IS BRITAIN NEXT ?

Britain has not seen large scale RACE RIOTS since the Handsworth and Tottenham rioting in 1985. Not seen, because of a deliberate policy of NOT REPORTING incidents where BLACKS are the Aggressors, and WHITES are the victims.

In reality, RACIAL ATTACKS by Blacks on Whites take place in Britain every day, but because of a joint conspiracy between the Home Office and the Police, and a directive to it's members by the National Union of Journalists, these attacks are rarely recognised as such. Only incidents where either Blacks or Asians are the victims, do the press and police normally quantify them as being RACIAL.

Already this year, there have been two minor Race Riots in the midlands, and daily throughout the country, vulnerable Whites, young and old, male and female, are being selected as victims by Black and Asian criminals for another RACIAL ATTACK.

In South London, a 68 year old American tourist was beaten and stabbed in the eye, by a man he describes as being in his mid 20's and Black. The police officer investigating the crime said "the beating was one of the worst I have seen, the suspect went for the victims eyes, and he was slashed time and time again."

In East London's Bethnal Green, police are still hunting for a man that they

describe as being " a six foot tall Black man in his early 20's" who has viciously mugged five elderly white women in one week.

In the same area, three Asian youths are being sought in connection with a series of sexual assaults on three white women, and an Asian man in his 50's, is also being sought in connection with an indecent assault on a 67 year old white woman.

In Birmingham, three young Blacks, aged between 15 and 18, subjected two 13 year old White girls to an hour-long sex ordeal at knifepoint. The girls had been dragged into a toilet, and whilst each of the men took turns at raping one girl, her friend was being sexually assaulted by the others. Two more White victims of RACIAL ATTACKS.

RACIAL HATRED in Britain, instead of being tackled firmly is allowed to grow unchecked because of the unwillingness of the Police and the press to acknowledge that the multi-racial experiment isn't working.

ELECTION 92 SPECIAL

The recent General Election came and went much as expected, with little or no mention of any of the Nationalist candidates, or their policies. In addition, there was the normal conspiracy between the parties of tweedle dee and tweedle dum, not to even mention subjects such as immigration or capital punishment. All three major parties fielded their token "Black or Asian" candidate to enforce their commitment to a multi-racial Britain, and continued to swear of their undying love for the bandit state of Israel, in an attempt to win the "Jewish Vote", and large donations to their party funds.

In his determination to stay in power, the Prime Minister, John Major, even betrayed the welfare of farm animals, to court the Jewish vote. In an interview given to the Jewish Chronicle, just before polling day, Mr Major said that he "appreciated that Shechitah was a fundamental aspect of Jewish life, and confirmed that the present exemption from legal requirements that all animals to be slaughtered must first be stunned, would continue under a Tory government.

Britain's Nationalist parties both fielded candidates, with the BNP fielding 13, and the National Front 14. But despite some vigorous campaigning, all fell short of the necessary five percent needed to retain the candidates deposit. The British National Party did do particularly well in it's East London strongholds, with Richard Edmonds gaining 1,307 votes (3.6%), and John Tyndall, 1,107, (3%). The total turnout for BNP candidates in the 13 constituencies was 7,005.

The National Front did well in Dudley East, with local candidate George Cartwright polling a respectable 675 votes. John McAuley, standing in Herts West, also did well, with 665 votes. The total turnout for NF candidates in 14 constituencies, was 4,816.

Sadly we saw the South London "Southwark and Bermondsey" seat contested by candidates from both the BNP and the NF. The BNP's Steve Tyler polling 530, against the NF's, Terry Blackham's vote of 168.

The BNP also did well in Scotland, not an area known for the mass immigration problems of London's East End, but local candidates Dave Bruce and Steve

Cartwright polled an impressive 475 votes between them.

The task now must be to turn those voters into active supporters and members. Continuing Nationalist presence at local level is also essential. Local council elections and even those of school governors must be contested, to get the electorate to realise that Nationalism is here to stay!

"anti-Fascists" demonstrate outside the BNP's election rally, before attacking the Police, and eventually, each other.

A total of nine were arrested..

ELECTION 92 SPECIAL

BNP HOLD ELECTION RALLY IN EAST LONDON.

The British National Party, opened it's election campaign in East London, with a large public meeting in York Hall, Bethnal Green.

Predictably, the local council had used every trick in the book to obstruct the BNP in obtaining facilities for their meeting, but as a safeguard, the local organiser had booked six different schools, as alternative venue's.

On the night, over 200 people turned out to hear speeches from local candidates, John Tyndall and Richard Edmonds. Other speakers included, the BNP candidate for Battersea, Steve Tyler, and veteran campaigner, Dave Bruce.

Whilst the crowd listened to the excellent speeches inside, outside the hall, the police were being attacked with bottles and placards by some 300 "anti-fascist" demonstrators. Also to add to the confusion, several fights broke out between supporters of the pro-IRA "Anti-Fascist Action", and those of the SWP front organisation, the "Anti-Nazi League". The police made a total of eight arrests.

Richard Edmonds and John Tyndall both poll over 1000 votes in East London.

The strangest event of the night occurred after the meeting, when a large BNP contingent decided to go to a local pub for a well earned drink. Unbeknown to the BNP, a small group of "hard men" from the "Republican AFA"

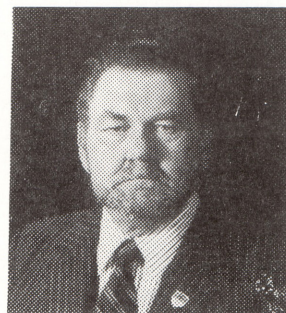

had been waiting in the local pub, hoping to ambush what they thought would be a few "stragglers". You can only imagine the panic, when an AFA lookout spotted the BNP lads walking "en masse" towards the pub. The "hard men" were last seen running off down Bethnal Green Road, as fast as their little legs could carry them.

NF MAN WINS RIGHT TO SPEAK.

The National Front's election campaign in Walsall North got off to an extremely controversial start, when an election debate organised by the Walsall branch of the National Pensioners Forum, was interrupted by the the NF's candidate, Ken Reynolds, who demanded a place on the platform, along with candidates from both the Labour and Green Parties. The request prompted the exit of both "democrats", saying, "we have no intention of speaking on the same platform as the National Front".

As the meeting broke up in chaos, sixty-four year old Mr Reynolds said "I understood that an open meeting was being held to give all candidates the chance to tell Walsall's elderly what we would do for them if elected. I had a number of points to make, and expected a say in the matter".

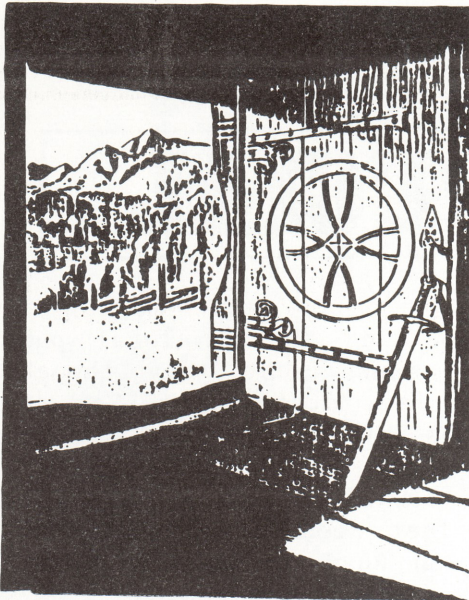

Another meeting was organised a few days later, at which Ken Reynolds was allowed to address the pensioners, and received a standing ovation.

COLIN JORDAN WINS COURT ORDER

Veteran Nationalist, Colin Jordan, has been successful in obtaining a court order, posponing his proposed trial, on "Race Relations" charges.

At the High Court in London, Lord Justice Lloyd and Mr Justice Waterhouse ruled that the "Race trial" should not proceed until it has been finalised whether or not the North Yorkshire Police acted lawfully in seizing material from Mr Jordan's home, whilst acting on a search warrant that was out of date. Mr Jordan has also claimed that the Police exceeded the terms of the warrant.

The case was initiated by Labour MP Gerald Kaufman, who complained to Police about a sticker issued by Mr Jordan, which Kaufman claimed was "Racially offensive".

Meanwhile, Mr Jordan has himself made a formal complaint to Northumbria Police, about Socino Press, of Cambridge Terrace, Gateshead, who distribute copies of a Jewish Holy Book, "The Talmud." In his complaint, Mr Jordan has pointed out to the Police several passages that accuse Gentiles of having sexual relations with animals.

Mr Jordan told "League Sentinel", "I am accused of inciting racial hatred, yet the Talmud is being widely distributed, and no action has been taken against its distributors". Northumbria Police confirmed that a complaint had been received, and was being investigated.

OBITUARY

It is with great sadness, that we have learnt of the recent death of,

CAPTAIN KENNETH MCKILLIAM.

The son of a Naval Officer, Ken McKilliam joined the Army, and attained the rank of Captain. During the war, he served with the commando's, taking part in several hazardous raids on Norway. During this period he gained temporary promotion to Major, but retired as a Captain.

After the war, he continued to serve his beloved country, first as a prominent member and candidate for the National Front, and later for the British National Party.

Ken was a prolific writer, on both political and Racial matters, and as a result was often harassed by the Police.

POLICE COMPLAIN OF "RACISM"

An official survey, conducted "in house" by London's Metropolitan Police, has revealed that the majority of junior Police Officers feel that Senior Officers "positively discriminate against White Policemen".

The survey also accused Senior Officers of favouring both Black, and female P.C's, by giving them "Cushy jobs".

Also, the Met Police Authorities are criticized, for changing height and education requirements, solely to boost the recruitment of female, and ethnic minorities to the force.

JUDGE FACES DISCIPLINE, OVER "RACIST REMARK".

Senior Judge, Mr David Spens, faces a disciplinary hearing, over claims that he allegedly made "Racist Remarks" during one of his cases.

Judge Spens, was sitting at Middlesex Crown Court, trying a Nigerian women on credit card fraud offences, when he commented that "this type of offence is far too prevalent amongst the Nigerian community". The women's lawyer, also a Nigerian, reported the remark to the "Society of Black Lawyers", who have now demanded that Judge Spens be formally disciplined. The Nigerian woman was found guilty of the offences.....

ASIAN WITH TWO WIVES GETS TWO COUNCIL HOMES.

Asian immigrant, Mohammed Ali, has been given TWO council flats, to accommodate himself, his TWO wives, and their SIXTEEN children.

East London's Tower Hamlets council have given Ali the two flats, because they say that they couldn't find one single property large enough for his needs. The council also gives Ali housing benefit payments of thirty-nine pounds a week for EACH flat.

Ali, who is unemployed, says that he cannot work, as he needs to be at home(s) so as he can help to look after his children.

On top of the local council's generosity, Ali also claims over ONE THOUSAND POUNDS A MONTH from the DHSS.

A DHSS spokesman said "I know it sounds strange, but a man who legally has two wives in another country, can on coming to Britain, claim benefit for both".

RACE HATE U.S.A. IS BRITAIN NEXT ?

continued from page 5

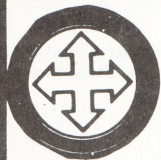

From time to time, young frustrated Whites do fight back, and, sometimes their victims are completely innocent immigrants. Only then do you see the press in full voice. Demands for "crack-downs against racists", meetings with unelected "Black Community leaders", special "Race Units" are quickly established, and promises are demanded from senior Police Officers not to enter "Racially sensitive area's", all are advocated or elicited by the press. The horrendous RACIAL ATTACKS AGAINST WHITES ARE FORGOTTEN.

Conflict, racial violence and race riots, will both escalate in Britain until two important decisions are made.

Firstly, the Police must immediately cease the current practice of sacrificing "LAW AND ORDER" on the high altar of "RACE RELATIONS", and secondly, the British government must recognise that a multi-racial Britain, will never be a harmonious place to live in, and quickly introduce a firm programme of phased repatriation.

IRVING APPEAL REJECTED.

The highly respected British Historian, David Irving has lost his appeal against a fine imposed by a Munich court, for "defaming Jewish victims of the Holocaust".

Mr Irving, was prosecuted following a speech in a Munich beerhall in April 1990, in which he revealed details of the scientific "Leuchter Report", which established that there were no "gas chambers" in the Auschwitz labour camp, until some were built after the war as a tourist attraction.

In court, Mr Irving told the Appeal Judge that he stood firmly by what he had said at the Munich rally.

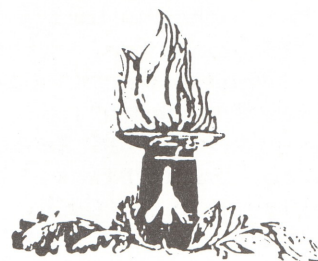

After the case, both Mr Irving's lawyers, and members of the German Youth Education Society, condemned the verdict as being "politically inspired".

GERMANY

A plan to build a museum and memorial to the 32,000 National Socialist Party members who were imprisoned by the Russians in Buchenwald Labour camp after the war, has been criticised by German Jewish Community leaders.

Buchenwald Museum director, Thomas Hoffman, said that as the FULL HISTORY of the camp needed to be presented, this must also include an exhibition centre and memorial to the 13,000 former NS government officials, businessman, and their families, who died of disease and starvation whilst prisoners of Stalin. Michael Friedman, a director of the Central Council of German Jews, said, "it is a perversion. Concentration camp sites are exclusively memorials for victims of the Nazi's".

A total of 56,000 people are believed to have died at the camp during the time it was operational, through various diseases and malnutrition..

AUSTRIA

The editor of "HALT", one of Austria's foremost Nationalist publications, has been sentenced to 18 months in prison for "denying the Holocaust".

Mr Gerd Honsik, was found guilty by a Viennese court, under a new law which bans the denial of the Holocaust, or the existence of "death camps". The new law allows sentences of between one year, and LIFE IMPRISONMENT, for this offence.

Demjanjuk's lawyers, claim a case of "mistaken identity", and have obtained evidence from former Treblinka camp guards, who confirm that Mr Demjanjuk is not "Ivan". The prosecution is now seeking "evidence" to see if Demjanjuk was ever a guard in any camp, anywhere !!

LEAGUE OF ST. GEORGE.

VIEWPOINT

Herr Norbert Burger, the Mayor of Cologne, has questioned the motives behind the decision to erect a statue in London, of Sir Arthur "Bomber" Harris.

For Herr Burger's information, the statue will be a memorial to the 55,000 brave men of Bomber Command, who made the ultimate sacrifice for their country.

Britain has always been a Nation that prefers to remember with Honour those that gave their lives in it's service, and perhaps Herr Burger should learn to do the same.

Yes Herr Burger, let us see you have the courage to erect a statue in Cologne commemorating those brave men of the Waffen SS whose courage on the the Eastern Front enabled you to be brought up in West Germany, rather than the Communist East..

Just before the recent election, it was revealed that the following MP's had been on zionist-sponsored visits to Israel...

Martin Brandon-Bravo,	(Conservative)
Michael Brown.	(Conservative)
Alistair Burt,	(Conservative)
Derek Conway,	(Conservative)
William Hague,	(Conservative)
Roger Knapman,	(Conservative)
Andrew MacKay,	(Conservative)
David Nicholson,	(Conservative)
Peter Archer,	(Labour)
Adam Ingram,	(Labour)
Alun Michael.	(Labour)

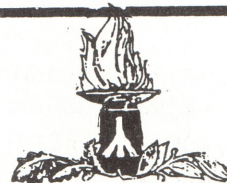

We will leave it to you to decide as to why BRITISH MP's need to visit Israel, although some cynics might suggest that they were there to receive their "orders".

In issue 16, we reported that the Board of Deputies of British Jews, had demanded the sacking of Defence procurement Minister, Mr Alan Clark, for daring to attend a booklaunch at the London flat of ex-schoolfriend Mr David Irving.

At that time, a "friendly face" at the Defence Ministry told "Sentinel" that he expected the authorities to bow to the Board's demands.

So therefore it really came as no surprise, when just two weeks later we heard of Mr Clark's decision that he decided not to stand again for Parliament.

Coincidence ??, Well let us quote from the "Jewish Chronicle"... "Alan Clark must be ruing the day he ever set foot in David Irving's Mayfair Home"....

JEW VOW TO SMASH THE "ANTI-NAZI LEAGUE"

Militant Jewish students have threatened to "physically smash" the recently re-formed "Anti-Nazi League", and drive them from college campuses.

The Union of Jewish Students campaigns officer, Mr Simon Pollack, described the ANL as "a vehicle to recruit members for the Socialist Workers Party", and added that he felt that people were being "duped" by the SWP. Mr Pollock then pledged that the UJS would "smash them, up and down the country".

The Jewish Students have already successfully proposed "anti-ANL" motions at student unions in Leeds, London, Edinburgh and Manchester, and with the support of the National Union of Students, would attempt to organise a nationwide boycott of the ANL.

The National Union of Students "anti-racism officer", Richard Hermer, expressed his support for the move, saying that he believed that the SWP is "anti-semitic".

Much of the row concerns the fact that many members of both the UJS and the NUS, have actively supported the ANL's main rival, the pro-IRA, "anti Fascist Action", and now fear that the ANL will attract funding that would otherwise have gone to AFA.

Jeffrey was also an excellent public speaker, and has often captivated audiences with his tales of the "good old days with O.M.".

One of his last speaking engagements was at a book symposium in central London, where despite his advanced age, he was cruelly attacked, and beaten, by a mob of "anti-Fascists". But Jeffrey being Jeffrey, he completed his task, of educating the audience on the policies of European Nationalism.
